- Enhance a sports ground's image with a club logo
- Several colour options available
- Publicity opportunity for sponsors
- Simple maintenance

LOGOS ON SYNTHETIC TURF

THE PERFECT WAY TO SHOWCASE CLUB OR SPONSOR LOGOS

Synthetic turf pitches are not only places to play sport but also the perfect stage for showcasing the spirit of a club or presenting premium sponsors in an eye-catching way.

Incorporating multicoloured club logos into Polytan synthetic turf surfaces helps create a true sense of identity. You are also giving sponsors and advertising partners a unique opportunity to showcase themselves – a winning argument when it comes to acquiring new ones!

Dugouts and the areas surrounding the pitch and behind the goals can also be included in the design depending on the specifications of individual clubs.

Give free reign to your creativity. We'll be happy to advise you.
